

Riya More [Full stack Developer]

riyamore1192@gmail.com | +91 999877712 | [GitHub](#) | [LinkedIn](#)

Career Objective

- **Frontend**
 - Entry-level Frontend Developer with hands-on experience in building responsive web applications using HTML5, CSS3, JavaScript (ES6+), and React.js.
 - Proficient in developing component-based UIs, integrating RESTful APIs, and applying modern design principles for intuitive user experiences.
- **Backend**
 - Hands-on experience building RESTful APIs with Node.js and Express.js, including secure authentication using JWT.
 - Knowledge of Apache Kafka for event-driven architecture and applied performance optimizations like caching and efficient middleware.
 - Proficient in writing optimized SQL queries and managing databases like MySQL.

Skills

Frontend Skills	React JS, Tailwind CSS, Responsive web apps
Backend & Database Skills	Node.js, SQL, MySQL, JWT
Programming Languages	JavaScript, HTML5, CSS3
Testing Skills	Jest, Unit Testing
Project Management	Git, GitHub and Agile

Certificates

- HackerRank JavaScript (Intermediate) Certificate Issued: May 2025.
- HackerRank React (Basic) Certificate Issued: May 2025.

Personal Projects

- **To-do List Application:** Built a responsive To-Do List app using HTML, CSS, JavaScript, and React.js with features including task addition, removal, updating, and filtering. Implemented dynamic UI components and state management for seamless user interaction. [\[GitHub\]](#)
- **Tour Website App** Developed a dynamic Tour & Travel website using React.js, featuring trip booking functionality and exploration of global destinations. Integrated interactive UI components for seamless navigation, user-friendly booking forms, and real-time destination filtering. [\[GitHub\]](#)
